'Ghosts of the Sourlands' *A Standard Flower Show*

The Neshanic Garden Club is excited to be hosting a Standard Flowers Show at the Montgomery United Methodist Church.

This show celebrates The Sourlands, a 4,000 acre Mountain Preserve in Somerset County, NJ and a fun time of the year – Halloween!

The Preserve occupies a portion of the northeast “point” of the Sourland Region, which stretches southwest across Hillsborough and Montgomery Townships through Southern Hunterdon and northern Mercer counties to the Delaware River.

The Sourland Mountain Preserve offers several recreational opportunities in an undisturbed natural setting, including hiking, mountain biking, bird watching, bouldering, and horseback riding. It is extremely rich in natural resources, and an area that boasts a variety of stream corridors, geologic outcrops, and an ecological preserve that provides a core habitat for a diversity of plant and animal species.

Thank you for attending the show!
